Suggestions of mid-term course

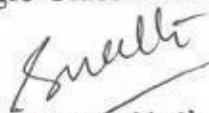

Year 2022-23

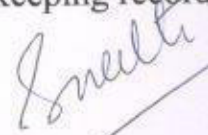

Principal welcomed the staff and congratulated everyone for their efforts in 100 admissions of students for academic year 2022-23 and successful completion of SEM III.

An in-depth deliberation on time table planning was done and teaching staff agreed with the time-table planning that included celebrations, curricular activities etc, internship schedule, and also suggested for organising exhibitions, competitions, value added courses looking into the need of students.

Expert suggestion by Dr Snigdha Pradhan was to implement more options of value-added courses.

They also suggested for a blended mode of learning, as a conscious step in adapting technology in education. They came up with the idea of keeping record of assignment submissions in Google Classroom.
