" Journey of Swachh Bharat Mission"

B. Ed students of Oriental college of Education, Sanpada Navi Mumbai

Swachh Bharat Abhiyan (SBA) (**Swachh Bharat Mission** (SBM) or **Clean India Mission** in English) is a campaign in India that aims to clean up the streets, roads and infrastructure of India's cities, smaller towns, and rural areas. The objectives of Swachh Bharat include eliminating open defecation through the construction of household-owned and community-owned toilets and establishing an accountable mechanism of monitoring toilet use. Run by the Government of India, the mission aims to achieve an Open-Defecation Free (ODF) India by 2 October 2019, the 150th anniversary of the birth of Mahatma Gandhi, by constructing 90 million toilets in rural India at a projected cost of ₹1.96 lakh crore (US$30 billion).[1] The mission will also contribute to India reaching Sustainable Development Goal Number 6 (SDG 6).

Our swachha Bharat Abhiyan accomplish at a very good note. our B.Ed students complete swachha Bharat Abhiyan programm very nicely. B.ed students conducted many activities to the 100 hrs. Allotted to us by performing various activites oin our college, societies, compound areas and also by visiting various other places also. Activities performed by us where Rally, visit to Vivekananda sankul , Vishwabharti school and other places also.
The main purpose of the programmes was to create awareness and developing the habit of cleanliness among our surrounding. By this swachha Bharat Abhiyan program we learn many more things . It was very good experience for all of us.

GANDHI JAYANTI IN PREM DAAN

On the occasion of Gandhi Jayanti our students of Oriental B. Ed. College visited Prem Daan missionary, Airoli.

The 150 inmates of Prem Daan, the home for destitute women run by the Missionaries of Charity in Airoli, will remember Gandhi Jayanti (Oct 2, 2018) as a day dedicated to them. Our students spent 3 to 4 hours with the inmates, The SY & FY students entertain them with song, dance, also they help them making beds, serving food to them and distribute some snacks. Students tried to interact with them heart to heart and motivated them.

Dr. Sangeeta Nath
Principal

Prem Daan is a missionary of Mother Teresa for dying destitute. Prem Daan, started in 1992, has over the years become a 'home' for all of these abandoned women.

Sister Meera, who is the head of the home, said, "All these women were picked up from the streets of Navi Mumbai. Often, the police have brought in women who were in need of urgent medical attention and care. We have helpers to care for them and look after their daily needs."

Most of the inmates are found mentally disturbed when they are brought in.

We also encouraged our students to be part of this event. It gives them a different perspective on life and is eye-opener for them.

Principal
Oriental College of Education
Sanpada, Navi Mumbai.

Community Work

" He who wished to secure the good of others, has already secured his own".

- ***Confucius.***

Community service is a non-paying work done by a person or group of people that benefits others. Engaging in community services provides students with the opportunity to become active members of the community and has a long lasting, positive impact on society.

OCE, provided the students of S.Y.B.Ed with an opportunity to give their contribution to the community by organizing a community work at ***Aashray Centre For Rehabilitation, Sanpada & Vatsalya Trust, Sanpada,*** from 23rd to 28th of December. Students of S.Y.B.Ed came along with the mentally and physically challenged students ***at Aashray*** and learned how they are professionally trained to live their life independently with dignity.

Students at Aashray are provided with variety of facilities such as computer room, music room, library, assembly room, shop, kitchen, therapy room, nursey & happy club. On 23rd S.Y.B.Ed students were made to visit all the training areas and made to observe how special training were provided to the students. Aashray has also been chosen as an examination

centre for Pratham (NGO). On 24th on the occasion of Christmas students of S.Y.B.Ed organized a small cultural program for the students at Aashray and also all children were gifted a small gift.

From 26th to 28th at Vatsalya, B.Ed students came across the lives of various peoples, spend some valuable time with the people, taking care of them and got real life experiences. Vatsalya is a shelter home for aged men & women as well as an Childcare & rehabilitation centre for children's. Students of S.Y.B.Ed organized various cultural programs to entertain the senior citizens at Vatsalya. Students had a great experience working for these organizations and inspired them more to work for such communities, needy in future & make the world a better place for them.

Internship Program (2 Years B.Ed. Course)

Internship is the most important element of any teacher education program. The NCTE Regulations, 2014 have stipulated further strengthening of the component of 'Field Engagement' by prescribing a longer duration of 20 weeks for B.Ed and make it a two year course. This course is quite interesting and has so many challenges which develops requisite teaching skills, critical thinking and problem-solving skills among student-teachers.

Dr. Sangeeta Nath
Principal
Oriental College of Education
Sanpada, Navi Mumbai.

Internship gives them an opportunity to integrate theory and practice, plan and deliver lessons properly, using different skills and methods to critically analyze their own and peers' teaching styles and improve them in the light of feedback given by supervisors. Through this program student-teachers understand the role and responsibilities of professional teachers, and refine their knowledge and skills.

Objectives of Internship Program-

The objective to adopt Practicum approach in the modern teacher education course is to place a student-teacher in a classroom situation and to incorporate teaching skills among them under the supervision of qualified and experienced teachers.

- Imparting an adequate knowledge of the subject and equipping the prospective teachers with necessary pedagogic skills.
- Enabling the teacher to acquire understanding of child psychology.
- Developing self-confidence in the teachers, adjustment with the physical and social environment, and also with himself to derive emotional satisfaction with his life.
- Enabling teachers to make proper use of instructional facilities and to understand the significance of individual differences of children and take appropriate steps for their optimum development.

Practice Teaching / Internship in schools

One kind of professional learning opportunity that allows students to work on real-world tasks related to their field of study or career path is an internship. Through an internship, a student can learn new skills, explore and further their profession. Students who participated in our most recent school internship program gained invaluable practical experience in a range of educational roles. Interns supported administrative duties, helped develop lesson plans, and helped teachers manage the classroom. They improved their comprehension of educational environments by gaining insight into a school's daily activities. Students expressed a stronger understanding of the difficulties and benefits of teaching, as well as an improvement in confidence in their professional abilities. The interns' new ideas and extra assistance were valued by the faculty and staff. All things considered, the program effectively linked theoretical knowledge with real-world application, which benefited the interns as well as the school community.

At the end of their internship, they demonstrated competence and confidence in their capacity to design and conduct lessons on their own. Positive comments from students and supervising teachers demonstrated this proficiency and highlighted the student's development and readiness to start a professional teaching career. The student gained essential practical skills and confidene from the internship that helped them flourish in the classroom.

SOFT SKILL WORKSHOP
6 August 2021

On **August 6, 2021**, at 2 PM, the Students Council and Placement Cell of Oriental College, Sanpada, hosted an online lecture titled "Talk Right by Regulating Emotions" for the F.Y. B.Ed. class. The session focused on soft skills, which include a blend of people skills, social skills, communication abilities, personality traits, attitudes, career attributes, social intelligence, and emotional intelligence. Recognizing the importance of these skills for future teachers, the Student Council arranged the lecture, delivered by their classmate Ms. Shweta Pandey, who is pursuing Image Consulting and Soft Skills at Image Consulting Business Institute (ICBI). Ms. Pandey discussed different communication styles, the 7 C's, and the 3 V's of communication, using examples and short advertisement clips to illustrate her points. She emphasized the importance of connecting the brain with the heart and delved into the components and significance of emotional intelligence. The session concluded with a reflective question for the students: "How do you want others to see you?" This informative and much-needed session was greatly appreciated by all the students for its role in grooming them as future educators.

Workshop on Personality Development On 26 November 2019 By Mr S.N. Kedilaya

On 26 November 2019 Oriental College of Education, Sanpada hosted a comprehensive workshop on personality development aimed at enhancing the personal and professional skills of its students. Personality Development Training helps individuals boost their self-esteem and self-confidence. Through self-awareness and self-improvement techniques, participants learn to believe in themselves and their abilities, which can lead to greater assertiveness and a positive self-image

The workshop, held in the college, was attended by our students . Esteemed personality development coach, Mr S.N. Kedilaya, facilitated the session. The workshop's main goals were to Increase students' confidence and self-awareness, develop interpersonal and communication abilities, give pupils tools for developing both personally and professionally and encourage resilience and an optimistic outlook.

Participants gave the workshop highly positive comments. The interactive format of the seminars and the useful guidance given were well-received by the students. Numerous individuals expressed a notable increase in self-assurance and a more lucid comprehension of their individual and occupational objectives. The Oriental College of Education's personality development workshop was a huge success and helped its pupils grow as whole people. By cultivating fundamental life skills and individual development, the college has made a substantial progress in equipping its students for possibilities and challenges in the future.

5. IDENTIFYING AREAS FOR INNOVATIVE PRACTICE

Educational Technology and online teaching skills to strengthen school based practice

The workshop on Educational Technology and Online Teaching Skills by making use of Online educational tools, held on **11 October 2021**, provided an invaluable learning experience for educators seeking to enhance their digital teaching competencies. The session covered a range of topics, including the integration of educational technology in the classroom, effective use of online teaching platforms, and strategies for engaging students in a virtual environment. Participants were introduced to various digital tools and resources, such as interactive whiteboards, learning management systems, and multimedia content, to create dynamic and interactive lessons. Practical demonstrations and hands-on activities enabled attendees to apply these tools in real-time, fostering a deeper understanding of their potential in enhancing student learning outcomes. The workshop also addressed best practices for online assessments and provided tips for maintaining student engagement and motivation in an online setting. Overall, the workshop was highly beneficial, equipping educators with the skills and knowledge necessary to effectively leverage technology in their teaching practices.

Our Visit to NASEOH- National Society For Equal Opportunities For Handicapped

Falguni learning centre :

For Children with Special Needs was established in 1995-96 to meet the following objectives :

- To enhance physical, mental and emotional growth,
- To develop child's motor, sensory-perceptual, cognitive abilities and social skills,
- To make the child independent to his fullest potential,
- To involve parent in the day to day learning process of the child,
- To prepare the child for inclusion informal main stream school or special school.

Introduction:

We First met Mrs Yasho Mehta,the Principal from the Falguni Learning Centre who was the first introduced Special Education in SNDT University. The principal have background in PHD in Education Stream .She introduced us about her falguni learning centre . Admission process is free . Even the lunch is also provided them at free of cost. All children come with their parent . parents were also involved in helping their kids while learning.she intract with us and with Our students.They were happy to make a difference in the quality of these children's lives.

In The group discussion of our class student with Principal Madam Mrs Yasho Mehta we heard how differently abled children are facing the problem being méntally and physically handicapped. We introduced ourselves to the children .The kids were all smiles and greetings and handshakes. Many of the children appeared to have multiple physical and mental disabilities. S Later on Our students were divided into the groups. Group of 5 students are appointed to observation and their learning activities .

Dr. Sangeeta Nath
Principal

About Falguni Learning Centre:

In falguni learning centre there were 3 teachers to give vocalationary education to childrens. One sport teacher for sports activity and one is for their speech activity. They all were very supportive, caring and concern with all the children. They teach children in a very pleasant way helps in their cognitive development, physical development along with the same level of emotional development. By using different teaching aids like colourful blocks, shapes of different colour, cross number puzzles, Cross words ,food card games etc they teach to them recognize colour ,shape, Application etc . In sports activity all childrens play, learn and takes participation in annual program. Some of them are also played on national level.

We interacted with the all the children .The Students had organised some activity to entertain them. They prepared some songs ,drama, dance to made them to enjoy.

Conclusion:

It was a special experience visiting the special needs centre and meeting children who teach you the acceptance of life conditions with the way they smile and play.Those children learned that in the face of a challenge , they can still find find happiness and enjoy their lives.

Dear Mrs Tejal Nikam,

I would like to express my sincere gratitude for your invaluable contribution to the one-day teacher exchange program. Your lecture on the topic "Calculation and Interpretation of Mean & Median" on 4th November 2019 was not only informative but also engaging for our students and faculty members. Your passion for teaching and the depth of knowledge you shared left a lasting impression on everyone.

The teacher exchange program is an excellent opportunity for us to collaborate with educators from different institutions and gain fresh perspectives. I believe that such collaborations between educational institutions are essential in promoting the sharing of knowledge and fostering a sense of unity within the academic community.

Once again, thank you for your dedication and for making our one-day teacher exchange program a success.

Wishing you all the best for your future endeavours.

Subject: Appreciation Letter

Dear Madam,

I want to sincerely thank you for your amazing assistance with the teacher exchange program. Our faculty and students found your lecture on "7.1.2020" on the subject "Educational Management: Leadership Style" at 4p.m in Seminar Hall. Everyone was deeply affected by your breadth of knowledge and your enthusiasm for teaching.

We get a great chance to work with educators from other colleges and acquire new insights through the teacher exchange program. These kinds of partnerships between academic institutions, in my opinion, are crucial to advancing information exchange and creating a sense of cohesion within the academic community.

Wishing you all the best for your future endeavors.

Yours Sincerely,

For Chitra

Subject: Thank You letter

Dear Mrs. Asmita Wewhare,

I would like to express my sincere gratitude for your invaluable contribution to the one-day teacher exchange program. Your session on the topic "Core Element and Values" on 1st August 2022 was not only informative but also engaging for our students and faculty members. Your passion for teaching and the depth of knowledge you shared left a lasting impression on everyone.

The teacher exchange program is an excellent opportunity for us to collaborate with educators from different institutions and gain fresh perspectives. I believe that such collaborations between educational institutions are essential in promoting the sharing of knowledge and fostering a sense of unity within the academic community.

Once again, thank you for your dedication and for making our one-day teacher exchange program a success.

Wishing you all the best for your future endeavours.
