Waste Segregation

Waste generated on the premises is segregated into biodegradable waste and non- biodegradable waste. The biodegradable waste like fallen leaves, vegetable peels etc are put into the compost pit and converted to compost. Plants are then grown in the vicinity of the pit by using the compost generated. Two to three pits are dug to put the biodegradeable waste. Once the compost is ready it is transferred to another spot to grow plants.

SWATCH BHARAT SUMMER INTERNSHIP

2 July to 14 July 2018

Oriental College of Education, Sanpada has conducted Summer internship from 2-july 2018 in different schools. Swatch Bharat Abhiyan, one of the pet projects of PM Modi, was launched on October 2014 –on the 145 anniversary of independence as leader Mahatma Gandhi. It aims to ensure universal sanitation coverage by October 2017, which would mark the 150th anniversary of Gandhi. Our principal Mrs. Ratni Thakur taken the initiative to give contribution for this mission on behalf of Oriental College of Education.

Everybody wants our clean India. To be a part of this project, some groups of Student Teachers were formed. Along with the time table, student teachers contribute 36 hours in schools premises from 2 July to 14 July 2018, in spreading awareness. At the end student teachers took oath of keeping our home, locality and city clean. It was a unique experience for all.

Environment Day

5th June 2018

Environment day was celebrated on 5th June 2018, to spread awareness various educational programme and activities were performed by students. World Environment Day, celebrated annually on June 5th, is a global event aimed at raising awareness and encouraging action for the protection of the environment. Initiated by the United Nations in 1974, it has grown to become a platform for public outreach, engaging millions of people in over 100 countries.

World Environment Day serves as a reminder that while significant challenges remain, collective efforts can lead to substantial positive impacts on our environment.

Environment Day

13th July, 2019.

On July 13, 2019, Oriental College of Education, Sanpada, celebrated "Environment Day" with a focus on waste management and waste separation. The event began with educational sessions that highlighted the importance of properly managing and segregating waste to protect the environment. Students and faculty participated in hands-on activities, including demonstrations on recycling techniques and the correct ways to separate organic and inorganic waste. A tree-planting ceremony also took place, symbolizing the commitment to a greener campus. The celebration successfully raised awareness about environmental conservation and instilled the importance of sustainable waste practices among the participants.

Cleanliness drive

7th March 2020

OCE, contributed its participation in this program by organizing a rally of cleanliness drive in the surrounding areas. Students of F.Y.B.Ed and S.Y.B.Ed along with teaching and non-teaching faculty of Department Of Education showed their enthusiasm and participated in the rally. Students held posters on importance of cleanliness along with slogans on cleanliness. The main motto of the rally was to create awareness among people to keep their surroundings clean.

On March 21, 2021, FYB.Ed. students celebrated World Plantation Day by planting saplings

and trees at their homes due to COVID restrictions. Despite being unable to gather in person,

the students actively participated in this environmental initiative, contributing to a greener planet from their own spaces. They shared their planting activities and photos on social

media, fostering a sense of community and collective effort. This initiative emphasized the importance of trees in maintaining ecological balance and highlighted the students'

commitment to sustainability. Their efforts demonstrated that even during a pandemic,

positive environmental actions can continue. The celebration successfully promoted

environmental awareness and responsibility among the students.
