Report of Mentoring Program

B.Ed. coursework is comprised of various activities designed to provide opportunities to student-teachers to learn all the necessary skills required to be a good teacher. It has the following components:

Part A: Theory component

(A) Core Courses (CC)

(B) Elective Course

(EC) (C) Interdisciplinary Courses (IC)

Part B: Practicum component

(D) Ability Courses (AB)

(E) Project Based Courses (PC)

(F) Audit Courses (AC)

Mentors are assigned to student-teachers upon completion of the admission process to facilitate their understanding of the coursework. Throughout the program, mentors assist and advise students on various academic tasks, internships, and projects.

The mentoring program aims to achieve the following objectives:

1. Foster a supportive learning environment by building a strong bond between mentors and mentees.
2. Guide student-teachers in successfully completing their theory courses, internships, and assigned projects.
3. Address personal issues of mentees and offer guidance when needed.

Mentoring activities are integrated throughout the coursework. Depending on the needs of student-teachers, mentors engage in activities such as:

- Providing guidance on developing lesson plans

Dr. Sangeeta Nath
Principal
Oriental College of Education
Sanpada, Navi Mumbai.

- Conducting demonstration lessons
- Offering basic ICT training as required
- Assisting with writing effective answers
- Recommending reference books for subjects requiring additional support
- Providing support for personal issues as necessary

Structure of Mentoring Activities for First Year B.Ed.

- To orient student-teachers about the B.Ed. course structure
- To acquaint student-teachers about basics of ICT
- To help student-teachers in internship activities
- To help the mentees in any other issue, as requested.

In the F.Y.B.Ed. Program, mentoring sessions focus on regular interactions between mentors and mentees. Mentors concentrate on understanding the challenges that student-teachers encounter during the course, particularly due to their diverse academic backgrounds. To support them, regular guidance sessions are organized to familiarize mentees with the course structure, assignments, answer writing, and exam preparation.

Given the essential role of ICT in the teaching-learning process, students who face difficulties in this area receive guidance on basic computer skills, including practical training in MS-Office and other essentials. Additional time is allocated in the computer lab for these students to practice and build proficiency.

During the first year, students embark on their internship for the first time. In addition to the standard orientation and micro-teaching sessions, mentors ensure mentees acquire skills in effective lesson planning. Discussions focus on enhancing lesson planning techniques and addressing challenges that arise during internships, drawing on the experiences of student-teachers in their respective schools.

Structure of Mentoring Activities for Second Year B.Ed. Students

- To help student-teachers in internship activities
- To held regular interactions among mentees to share their learning experiences in the internship schools

Dr. Sangeeta Nath
 Principal
 Oriental College of Education
 Sanpada, Navi Mumbai

- To help student-teachers in Action Research
- To help the mentees in any other issue, as requested.

In the S.Y.B.Ed. program, which includes an extensive internship period, mentors regularly engage with mentees to understand any challenges they may be facing in their assigned schools. Mentees are encouraged to exchange experiences from their internships and learn collaboratively. Mentors provide guidance to student-teachers on developing effective teaching aids and utilizing various educational apps to facilitate interactive classroom sessions with students.

Additionally, mentors monitor the progress of mentees' action research projects and offer support to ensure their completion. They also assist mentees with any other issues they may encounter upon request.

Classroom Management:- Was done very nicely.

Interaction:- Pupils were interactive throughout the lecture.

Blackboard Work:- Very very beautifully and neatly done. Used colour chalks.

Recapitulation:- Revision of the topic and exercise was done in the end of the class.

Evaluation of Content Taught:- was done by asking questions from the exercise and students solved them on the board as well.

Overall Observation:- Highly engaging gesture, very interactive and class, well maintained, good discipline throughout the lecture. Blackboard was very presentable. In total a very good lesson delivered.

2. Multilingual Interactions and Inputs.

Hindi Diwas Celebration: Hindi Diwas was celebrated to commemorate the importance of our national language on 19th September 2018. The Chief Guest of the event was Dr. (Mrs.) Ratani Thakur, Principal of Oriental College of Education and a great litterateur in her field. The event started with speech given by S.Y.B.Ed. students, followed by poem recitation competition by F.Y.B.Ed. students and a small game. The Program was honored by the presence of all the staff members and students and marked the occasion as a wonderful event.

Vachan Prerna Diwas On the occasion of former President Dr. APJ Abdul Kalam's birth anniversary, October 15, 2021 OCE, Sanpada organized a BOOK REVIEW Program where S.Y.B.Ed. students reviewed their favourite books and shared their favourite quotes.

Marathi Diwas celebration Marathi Bhasha Divas was celebrated in honor of the Marathi language and in keeping with the birth anniversary of Dyanpeeth award winner poet late V.V. Shirwadkar alias Kusumagraj. The Chief Guest at our event was Mr. Vinaykumar Aavte and Special Guest for the event was Mr. Hemant Sawant. Main focus of this celebration is to promote the Marathi culture. Students participated in dance, poem and songs dedicated to Marathi language. The top rankers of the various com

3.Mentoring

Mentoring activities are integrated throughout the coursework. Depending on the needs of student-teachers, mentors engage in activities such as:

- Providing guidance on developing lesson plans
- Conducting demonstration lessons
- Offering basic ICT training as required
- Assisting with writing effective answers
- Recommending reference books for subjects requiring additional support.
- Providing support for personal issues as necessary

Dr. Sangeeta Nath
Principal
Oriental College of Education
Sanpada, Navi Mumbai.

4. Remedial Learning Engagement

Remedial Learning Engagement: The college timetable allocated specific lectures for providing remedial support for various theory courses, conducted before examinations. The remedial program provides targeted assistance in subjects where students may need additional help, offering personalized tutoring and supplemental resources. Through a combination of one-on-one sessions and interactive learning tools, students receive focused instruction tailored to their specific needs.
