Various activities have been conducted by the college to address differential student's needs. These activities can be categorized into:

1. Academic Activities
2. Activities conducted for soft-skills development
3. Co-curricular Activities

### Academic Activities

**Mentoring Program:** Mentors are assigned to student-teachers upon completion of the admission process to facilitate their understanding of the coursework. Throughout the program, mentors assist and advise students on various academic tasks, internships, and projects.

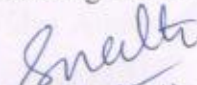

The mentoring program aims to achieve the following objectives:

1. Foster a supportive learning environment by building a strong bond between mentors and mentees.
2. Guide student-teachers in successfully completing their theory courses, internships, and assigned projects.
3. Address personal issues of mentees and offer guidance when needed.

Mentoring activities are integrated throughout the coursework. Depending on the needs of student-teachers, mentors engage in activities such as:

- Providing guidance on developing lesson plans
- Conducting demonstration lessons
- Offering basic ICT training as required
- Assisting with writing effective answers
- Recommending reference books for subjects requiring additional support
- Providing support for personal issues as necessary

**Workshops for Internship Activities:** For internship activities, Student-teachers are oriented for various teaching skills. Micro-teaching skills, demo lessons on co-operative teaching learning,

orientation of theme lessons, orientation of co-teaching lessons, workshops for writing lesson plans are organized every year in the college.

**Remedial Learning Engagement:** The college timetable allocated specific lectures for providing remedial support for various theory courses, conducted before examinations.

**Provision of Academic Support:** Along with mentor support, student-teachers are provided help through content enrichment programs. Content Enrichment programs were implemented to enhance comprehension of diverse concepts. These programs are organized based on the requirements of students such as workshops on "Effective Utilization of PowerPoint Presentations in Teaching and Learning", "Creating Online Lesson Plans and Addressing Challenges in Online Practice Teaching", "Training program focused on creating and leveraging Google Classroom".

Student-teachers were equipped with learning materials and resources, including references to online educational content and links to various educational websites through regularly updated library blogs.

## Glimpses of Activities conducted for soft-skills development
